

Quick Start Guide: Apple TV

1

Check your email inbox for the MTC Cable Plus "Set Password" email.
(don't forget to check your junk or spam if you don't see it in your primary)

2 Step by step instructions

Make sure your Apple TV works with MTC Cable Plus

MTC Cable Plus works on Apple TV 3rd Generation, Apple TV 4K or Apple TV HD. If you need help identifying which Apple TV you have, identify your device here:

support.apple.com/kb/HT200008

If you are setting up your Apple TV for the first time...

All you need is:

- An internet connection
- An Apple ID. If you don't have an Apple ID, you can create one for free here: **appleid.apple.com/account&page=create**
- A TV or other display with an HDMI port
- An HDMI cable (On Apple TV 4K, you need an HDMI 2.0 or later compatible cable)

Apple has very helpful instructions to get your Apple TV up and going in no time:

- 3rd Generation: **<https://support.apple.com/kb/HT210092>**
- 4K / HD: **support.apple.com/en-us/HT205358#appletv4kappletvhd**

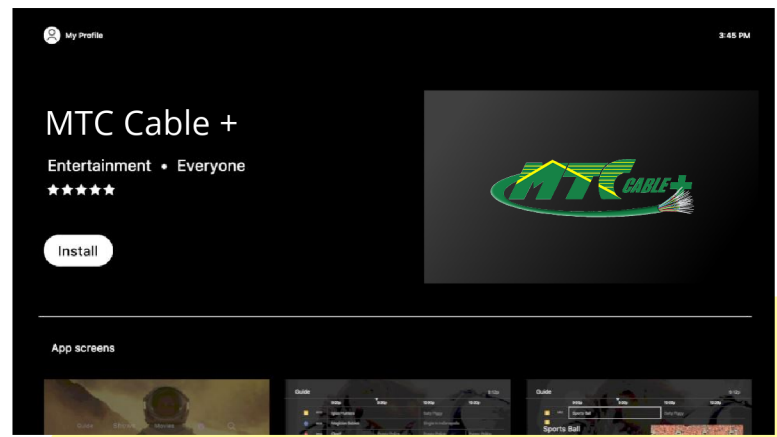

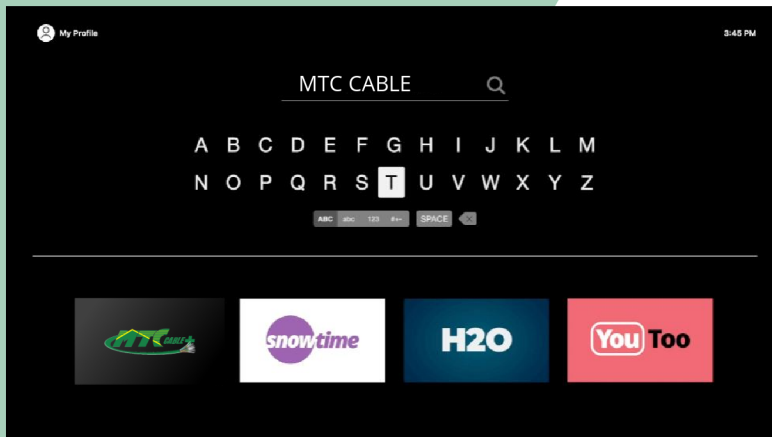

SEE ADDITIONAL INSTRUCTIONS ON BACKSIDE!

Install MTC Cable Plus to your Apple TV from the App Store

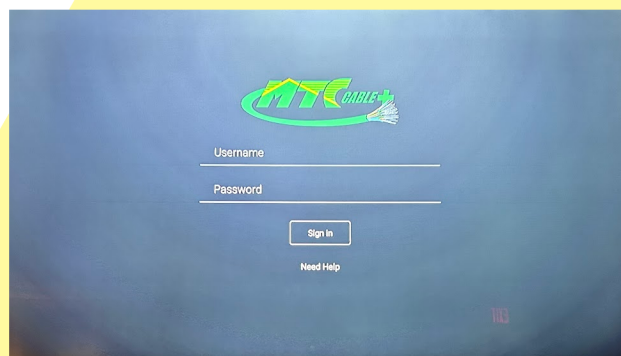

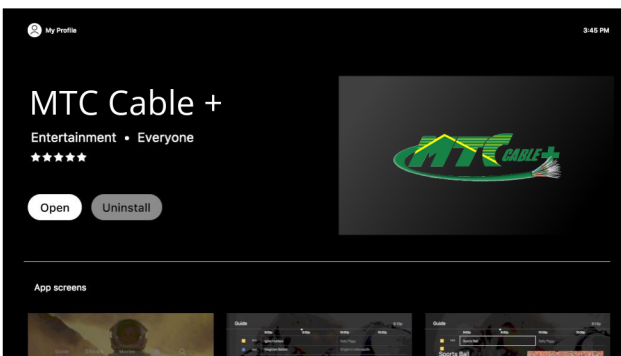

- Now that your Apple TV is all set up, go to the App Store. The App Store app icon looks like this:

- From within the App Store search for MTC Cable Plus. Highlight and select the app to begin downloading.

- While an app is downloading or updating, its icon appears on the Home screen with a progress indicator. Once it's done downloading, select Open to launch and put in your account Username and Password.

Make sure you're connected to your MTC-provided internet

MTC Cable Plus needs to be connected to the internet provided to your home by MTC in order to access your entire TV lineup.
