### If you're setting up your Fire TV for the first time...

All you need is:

- An internet connection
- An Amazon account. If you don't have an Amazon account, you can sign up here for free [[amazon.com/sign-up](https://amazon.com/sign-up)]
- A TV or other display with an HDMI port
- An HDMI cable (on 4K capable devices, you need an HDMI 2.0 or later compatible cable)

### Start with these quick steps:

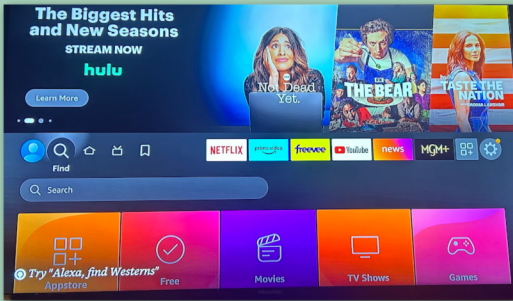

- 1.Plug the power adapter into an electric outlet and the Fire TV device into your TV's HDMI port.
- 2.Use the USB cable to connect the power adapter and the Fire TV device.
- 3.Install the batteries in the remote by matching them to the icons inside. If the remote doesn't automatically pair with your Fire TV, press and hold the Home button for 10 seconds.
- 4.Use the Source button on your TV remote to locate the HDMI signal for your Fire TV device.

Now that your device is powered on, connected to your TV, and paired with the remote, all you need to do is follow the prompts on the Fire TV startup screen. **SEE ADDITIONAL INSTRUCTIONS ON BACKSIDE!**

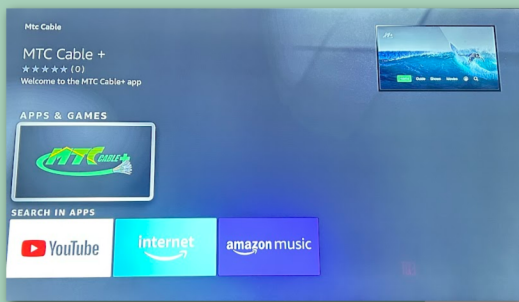

# Install MTC Cable Plus onto your Fire TV

Now that your Fire TV is all set up...

- Select the search icon to the left of "Home" at the top of the screen and search for "MTC Cable"

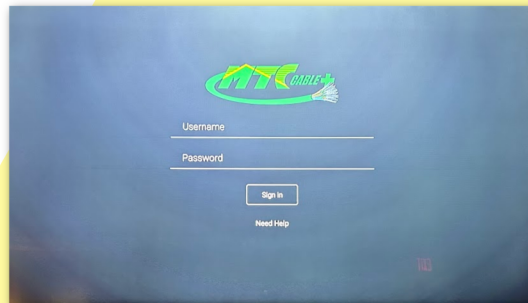

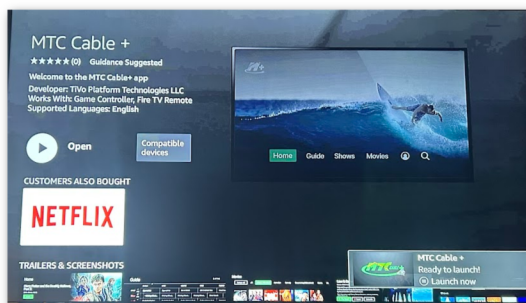

- Scroll down to Apps & Games , highlight and select MTC Cable Plus

- Select the download button to begin downloading.

Once it's done downloading, select Open to launch and put in your account Username and Password.

*Make sure you're connected to your MTC -provided internet.*

*MTC Cable Plus needs to be connected to the internet provided to your home by MTC in order to access your entire TV lineup.*
